WILLIAM C. DEKKER
Vice President and Media Director
McCann-Erickson, Inc., New York City

"Our membership in the Audit Bureau of Circulation speaks for our belief and confidence in that organization."

FRANK KEMP
Vice President and Media Director
Compton Advertising, New York

"I'm highly in favor of Audit Bureau of Circulations, and believe that all trade papers should be audited."

FRANK COULTER, JR.
Associate Director, Media Relations
Young & Rubicam, Inc., New York

"I've always felt that a paid circulation magazine must be a little more responsive in its editorial policy to the needs of its readers. . . (the reader) can just as easily knock off his name if he does not feel that the magazine is doing a conscientious editorial job. Since A.B.C. audits only paid circulation, this becomes an important measure of reader response."

A. C. DEPIERRO
Vice President, Charge of Media
Geyer, Morey, Madden & Ballard, Inc., New York

"Helping to eliminate the guess-work from media buying through your membership in Audit Bureau of Circulations is a significant benefit to advertisers and their agencies. Audit Bureau of Circulations reports are a vital part of our every day working tools and we commend you for adding your publication to the impressive list of Bureau Members."

JAMES LUCE
Television Group Head
J. Walter Thompson

"Paid circulation, as measured by A.B.C., is the only measurement of reader interest and reader responsiveness. Paid circulation is self-purging and the man who pays his money intends to read the periodical. This is the principle behind A.B.C. and it's the sound way to buy space."

DR. E. L. DECKINGER
Vice President, Media Director
Grey Advertising Agency, Inc.

"A.B.C. reports are to the agency space buyer what a law library is to the attorney—indispensable for the efficient exercise of his professional function. Paid circulation is a vital dimension in the measurement of publication acceptance. We who grew up in the era of A.B.C. find it hard to understand how advertising even managed to function without it."

Media Buyers Rely on Audit Bureau of Circulations

*BROADCASTING is the only magazine
in the vertical radio-tv field qualifying
for membership in the
Audit Bureau of Circulations*

Here's a cross-section of media buyers—and what they say about the Audit Bureau of Circulations.

BROADCASTING has the largest paid circulation in its field. BROADCASTING distributed more *paid* circulation in four months than all others in the field combined distribute in a year.

There's no abracadabra to Audit Bureau audits. It is a standard of measurement of PAID circulation. The rules were written by advertisers and agencies.

WHAT HAPPENS WHEN A NATION SPENDS MORE ON GAMBLING THAN IT SPENDS FOR HIGHER EDUCATION?

If you can find any Romans around, ask them. They lived pretty high on the hog in their day. That is, until some serious-minded neighbors from up North moved in. The rest is ancient history.

You'd think their fate would have taught us a lesson.

Yet today we Americans spend twenty billion dollars a year for legalized gambling, while we spend a niggardly four-and-a-half billion for higher education. Think of it! Over four times as much! We also spend six-and-a-half billion dollars a year for tobacco, nine billion dollars for alcoholic beverages, and billions more on other non-essentials.

Can't we read the handwriting on the wall?

Our very survival depends on the ability of our colleges and universities to continue to turn out thinking men and women. Yet today many of these fine institutions are hard put to make ends meet. Faculty salaries, generally, are so low that qualified teachers are leaving the campus in alarming numbers for better-paying jobs elsewhere.

In the face of this frightening trend, experts estimate that by 1970 college applications will have doubled.

If we are to keep our place among the leading nations of the world, we must do something about this grim situation before it is too late. The tuition usually paid by a college student covers less than half the actual cost of his education. The balance must somehow be made up by the institution. To meet this deficit even the most heavily endowed colleges and universities have to depend upon the generosity of alumni and public spirited citizens. In other words, they depend upon *you*.

For the sake of our country and our children, won't you do your part? Support the college of your choice *today*. Help it to prepare to meet the challenge of tomorrow. The rewards will be greater than you think.

It's important for you to know what the impending college crisis means to you. Write for a free booklet to HIGHER EDUCATION, Box 36, Times Square Station, New York 36, New York.

**THE BIG
SPLASH
IN "THE
LAND OF THE
SKY BLUE WATERS"**

Meet the Hamm's Bear. He's a symbol of the Land of Sky Blue Waters where famous Hamm's Beer is brewed. Symbol, too, of one of television's smartest advertising campaigns. The Hamm's Bear gets himself in one kind of trouble after another while slick background copy sells entertained viewers on Hamm's beer. Of course, Hamm's uses SPOT television, because they want to sell only the markets they're in.

The spot medium has more advantages than you might realize.

Your nearest H-R man is an expert on spot. He'll show you how spot can do the right job for you. Call him.

TIE UP THE YOUNG HOUSEWIFE
WITH ABC'S NEW FLAIR!

Just when she needs a break, ABC Radio gives it to her! Weekdays from 1 to 1:55 p.m., starting October 3rd, she'll tune in to FLAIR, a new kind of program designed for women "with a flair for living and a flair for fun." Not just "background music," FLAIR will actively engage the attention of young suburban housewives. Family women. The ones who are the best and busiest buyers in the U.S.

An artful mix of good popular music with short features, FLAIR will deal with such diverse subjects as makeup, baby care, comedy, recipes, overseas pickups and Hollywood interviews. The people—glamorous people, respected people—who headline these features will be fun to be with, interesting to hear.

FLAIR is a good example of how ABC Radio is shaping itself to fit the bright, new market of the Sixties, the broad new market of the suburbs. If this is your market, FLAIR is your opportunity. And ABC is your best radio network buy.

ABC-TV NETWORK RATES (As of August 10, 1960)

Below are gross rates for Class A hour. Class A time is 6-11 p.m., Sunday through Saturday. Class B rate (75% of Class A rate) applies to stations not primarily affiliated with ABC-TV. Class C time (50% of Class A rate) is 11 p.m. to sign-off Sunday through Saturday, 9 a.m. to 6 p.m. Saturday and Sunday, and 6-6 p.m. Monday through Friday. Class D time (33.3% of Class A rate) is daytime hours up to 5 p.m. Monday through Friday, except for special programs on national holidays, which are charged as Class C. Rates for periods less than one hour are charged at these percentages of the hour rate: 80% for 45 minutes; 60% for 30 minutes; 40% for 15 minutes; 33 1/3% for 10 minutes and 26 2/3% for 5 minutes.

ABC has no must-buy list of basic stations. Its rate card states: "Advertisers are required to purchase for each program a minimum cleared gross for station time equivalent to \$80,000.00 for each Class A hour telecast."

Dial Turning: a popular American sport

(OR HOW THE PUBLIC EXPRESSED ITS VIEWING PREFERENCES IN THE '50s)

SOURCE: *SUNDAY-SATURDAY 8-10:30 P.M. NIELSEN MULTI-NETWORK MARKETS, DEC. 1953-1958.† NIELSEN 24 MARKETS, DEC. 1, 1959.

In the '50s television came of age. Its growing pains were necessarily marked by occasional dislocations and disenchantments as well as by many brilliant cultural achievements.

And in the '50s, as television emerged as the world's largest mass medium, it became clear that the television audience is actually *many* audiences, with widely diverse tastes.

The programming obligations of the broadcasters must therefore be based on a democratic concept of cultural freedom—that is, the rights of the people to want what they want when they want it.

Obviously no one is told what to watch in this country. Instead of arm-twisting, we go in for dial-twisting. It is this broad freedom of choice, as it naturally evolved in the '50s, which makes the graph on the left worth noting. This graph shows at a glance how *consistent* has been ABC's gain in average share of audience* over the peak viewing periods of seven Decembers.

Today, in a medium where cultural democracy supplies the most definitive of measurements, ABC has now gained the largest share of audience.† This is an expression of popularity achieved, it would seem, by giving *more* people what they want when they want it. This will continue to be our goal for the *sixties*.

(As of August 15, 1960)

Rate card provides for sale of 5- and 2½-min units in specified Mon-Fri daytime programs and 5-min segments on specified weekend programs & after 6:30 PM, NYT, on Mon-Fri, plus 5-min segments on a run-of-schedule basis. Fixed position: 5-min units (wkday) cost \$1,450 each, if order is for fewer than 4 units per week for under 13 weeks; 2½-min (wkday) and 5-min (wkend) units cost \$1,100 each for fewer than 6 per week for less than 13 weeks. Run-of-schedule: 5-min segments are \$950 each for a minimum buy of 6-10 per week. These prices reduce as frequency and contract length increase, and the categories are combinable for discounts. Rates include talent and facilities for full network, with time charges rebatable on a pro-rata basis for stations not carrying. Rate card further provides for sale of other program lengths in multiples and fractions of a full hour.

Some say that television cannot be expected to produce great programs because it is a medium of mass communications. *We hold a different view.* As we see it, the one sure way to attract audiences (and advertisers as well) is to produce the best possible quality of entertainment and information. This, apparently, is also the way television's most distinguished juries see it. Recently, for example, the Academy of Television Arts and Sciences awarded 13 Emmys to the

CBS Television Network, as compared to 5 for the second network and 2 for the third. This makes a total of 67 awards* that our programs have received since the year began—more than the other two networks combined. Looking at it from this point of view, we feel it is no accident that this network, which consistently wins the largest number of awards for program excellence, should also consistently attract the largest audiences in all television. **CBS**

NBC RADIO NETWORK RATES

NBC Radio does not list rates for affiliates individually. It sells on a "full network" basis. Privately it has set up a schedule of percentages to compute rebates to advertisers for stations that fail to clear. These percentages are not made public.

Gross costs of participations, full network, follow:

Participation or Segment	"MONITOR"	Weekday Programming
5 minutes	\$1,530
1 minute	1,350	\$1,350
30 seconds	1,000	1,000
6 seconds	400	400

These prices are based on a full network clearance.

Gross time charges on the full network for sponsored programs, effective June 1, 1960, follow:

Length of Program	Total Gross Network Charge
5 minutes	\$1,736.37
10 minutes	3,269.37

Radio Stations in Mexico And the Caribbean Area

Note: The following list of Mexican and Caribbean radio stations is based on available data from the U. S. Federal Communications Commission, the communications ministries of the various countries and from other sources. Like other countries in the North American Regional Broadcasting Agreement area, most follow the 1950 NARBA, although all are not signatory.

World Wide Distribution of Radio Receiver Sets

The number of radio sets in the world (excluding the U.S., its possessions and Canada) increased by 12 million in 1959 for a total of 165,667,000, according to the U.S. Information Agency report of March 2, 1960. Wire speakers for public listening reached 38.9 million, a 32% increase of 7 million over the 1958 total. The following statistics are approximate and should be treated with caution, particularly when they refer to newly-developing countries.

College or University Campus—Limited Radio Stations in the U.S.

The following college or university campus-limited stations are operated principally by students enrolled in the schools. Their transmission is by wire, and reception is limited to on campus listening. College radio is represented nationally by three organizations: the Intercollegiate Broadcasting System, the Ivy Network, and the College Radio Corp. Station affiliation to one or more of these groups is listed beside the call letters. For further information, see the listings IBS, Ivy, and CRC on page B-27.

THIS IS CIRCULATION?

Effie may well be the first to open this TV-radio "business" publication she's just found in Mr. Timebuyer's basket. Gets lonely here at night, and Effie likes the pictures on the slick paper.

But what about Mr. Timebuyer? Why didn't the pictures and fancy layouts captivate *him*? Well, he's a busy man and he puts it this way:

"There isn't time to read them all!"

There isn't time to plow through the 1,000-odd pages of assorted reading matter sent him monthly under the guise of TV-radio "information". He's particularly tight-fisted with time for magazines that arrive gratuitously, without being asked for.

After all, he receives — *and pays for* — BROADCASTING every week. Its pages give him, concisely and accurately, the full background of latest

facts on everything significant in the television and radio business. When he can get all this from *one* publication, why bother to read a whole basketful of others?

BROADCASTING is the *only* TV-radio business journal qualifying for membership in the Audit Bureau of Circulations — which verifies *paid* circulation publications exclusively. This is an important assurance for advertisers who would rather have their messages in a medium people *want* enough to *pay* for — instead of ones that have to be given away. Makes sense, don't you think?

P.S. — BROADCASTING's guaranteed circulation is now at 25,000.

Planning a Radio Station ?

RCA presents
3 basic plans to
meet all
requirements!

These versatile plans illustrate how the very latest equipment can be arranged to perform efficiently with a minimum of capital and personnel. Since programming requirements vary, three basic plans, representing three specific categories of operation, are provided.

Plan "A" is for a typical small station and requires a minimum investment. A "combined" studio-transmitter operation contributes to its overall efficiency.

Plan "B," also is for a "combined" operation, but it provides additional facilities to allow for announce booth and other local program material. A typical

community station of moderate size, it meets the widest range of applications.

Plan "C," with separate studio and transmitter locations, is functionally designed for big city operation. It highlights the advantages of a spacious two-studio station.

Building layouts, together with a discussion of equipment requirements and current trends, are included in a new Brochure. For your free copy, write to RCA Department YB-22, Building 15-1, Camden, N. J. In Canada: RCA VICTOR Company Limited, Montreal.
